

Typhur

**Bigger,
Faster,
Quieter.**

Dome 2 Air Fryer

360° Heating Technology

Inspired by professional pizza ovens, Typhur reinvented the airflow and circulation and included dual heating elements (top and bottom) to ensure your food is cooked evenly with less shaking or flipping.

Pizza Perfection

Whether it's frozen or made from scratch, the high-powered bottom heating element ensures evenly baked crusts. Your homemade creations will taste like they came straight from a pizzeria.

Make Fresh Griddled Goodies

The Dome 2 utilizes the bottom heating element to achieve cooking methods that other air fryers can't match. Enjoy pancakes with a golden-brown surface and a moist, cooked center.

More Settings. More Functions.

The Typhur Dome is a versatile 8-in-1 appliance designed to save space by consolidating multiple kitchen tools. It combines the functions of an air fryer, convection oven, toaster, griddle and much more.

Self-cleaning Mode

Typhur Dome features an industry-first self-cleaning mode that decomposes the grease and grime from the top cavity with high heat.

The Next Generation Air Fryer Just Got Smarter

Superior airflow for faster cooking

Integration with Typhur wireless probes
through the mobile app

Smart cooking memory and
customization

50% less noise than other air fryers

Tray is dishwasher safe and BPA free

Smart app enabled

Power Supply
AC 220-240V, 50/60Hz

Rated Power
1800W(Top Heating Element)
1500W(Bottom Heating Elements)

Temperature Range
40°C - 230°C

Horizontal Cooking Space
1,011 cm² (32cm*32cm)

Capacity
5.3L/4KG

Pre-programmed Programs
15(8 on air fryer and additional 7 on APP)

Frying Basket Material
PFAS-Free Nonstick Ceramic

Dimensions & Weight
50x39.6x26.2cm, 9,07KG

Connectivity
Bluetooth, WiFi(2.4GHz)

Multiple Fan Speeds
Supported

Noise Level
55 dB
